

# THE NEW ENTERPRISE.

OL V-NO. 10.

MADISON, FLA., THURSDAY, NOVEMBER 9, 1905

\$1 A YEAR

## Off Ag'in; On Ag'in; Gone Ag'in!

We can't help it! Fact is, we don't want to help it! We are in the business to supply our customers at a reasonable profit to ourself, and as the people seem to like our selections and take them out of our Sales Stables almost as fast as we can get them in, there's nothing left for us to do but to keep on shipping, so our Messrs. Fraleigh and Lines are "Gone Again" this week to the Western Stock Markets for more Horses and Mules.

We are still selling on most liberal terms the best Wagon on the market—

### THE CELEBRATED STUDEBAKER LIGHT RUNNING

Call on us and let us fit you out to your own notion with Buggy or wagon, Horse or Mule.

## Fraleigh - Lines - Shelfer Co.

### New High and Graded School Building.

The above cut presents a good view of our new School building in which, on next Wednesday morning, children will assemble for the first time to take up the duties of school life.

The building was designed by T. J. Smith, Architect, of Columbus, Ga., and constructed by W. T. Daise, contractor, of Madison. The entire building is of Georgia brick with tin roof. The first floor contains a large auditorium with stage and inclined floor, large, roomy halls and three class rooms. The upper floor is composed of 4 class rooms and a Masonic hall. The cost of the building is somewhat more than \$10,000 exclusive of furniture. The following announcement is requested by Superintendent Tedder and Principal Wiggins:

The Madison Graded and High School will open Wednesday, November 9th, with a splendid corps of teachers and bright prospects. Mr. John B. Wiggins, the principal, is a graduate of Wofford College. He has also taken special courses in Normal schools and in teachers' Summer Normals. He has had seven years of successful experience as teacher in the graded and high schools of the Carolinas and is highly recommended by

his former patrons.

The place of first assistant is yet to be filled. Mr. J. J. Dickinson having resigned. The school officials hope to secure a strong teacher for this grade before opening.

Miss Fannie H. Partridge, teacher of the fourth and fifth grades, completed her education at Huntsville Female College, Huntsville, Ala., and has had special Normal training to fit her for teaching. She has also taught successfully in the schools of this State and also in Mississippi.

Miss Ada B. McLeod, teacher of third and fourth grades, is a graduate of the Lynchburg High School, Lynchburg, S. C. She has also taken a short course in the Jasper Normal and has taught several terms successfully in this State and Georgia.

Miss Whitte Dickinson, the primary teacher, is a new introduction. She has taught efficiently in our high school for several years and it is the hope of her former students and patrons that she will continue in her present position for many years to come.

Patrons of the school are cordially invited and urged to be present at opening on Wednesday. Let all the children be there promptly prepared to take up their duties with enthusiasm and earnestness.

#### A Call to Farmers.

To the farmers of Madison County:

You are earnestly requested to assemble at the Court house in Madison on Saturday, Nov. 18th, for the purpose of assisting in the organization of a Sea Island Cotton Growers Association. On the 23d inst., a convention of Sea Island cotton growers is to be held in Valdosta, Ga., and it is thought proper that Madison county be represented at said convention by delegates.

#### A Confederate Monument for Madison

On Wednesday of last week the Elizabeth Harris Chapter, U. D. C., held an unusually enthusiastic meeting at which much important business was transacted. It will be welcome news to many to know that the ladies have definitely decided to erect a monument in our town to fallen Southern Soldiers. A surplus of \$100.00 which is now in the treasury has been set aside as a nucleus for this end, and they hope, with encouragement and co-operation to have in a year's time sufficient funds in hand to erect a handsome shaft. This has been a cherished dream for years and many hearts will quicken with joy when it becomes known that it is at last to be realized. In the very near future a series of entertainments is to be inaugurated, each of which will be widely different in nature and fully deserving a liberal patronage. "The New Enterprise" extends to the U. D. C. heartiest congratulations and will gladly co-operate in any way possible in the furtherance of their patriotic plans.

#### Saved by Dynamite.

Sometimes, a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga. writes: "My wife had a very aggravating cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and La Grippe. At McNeely's drug store price 50c and \$1.00; guaranteed. Trial bottle free.

### HOLIDAY GOODS!
